Michael Dell: Distant Pictures

VISUELLE KUNST, BILDENDE KUNST

Ronewa Art Projects invites you to the exhibition 'Distant Pictures' – a solo show, and European debut, by acclaimed New Zealand artist Michael Dell. Taking notable films from New Zealand contemporary cinema as a thematic basis for a series of abstract paintings and drawings, Dell creates alluring color gradients with delicately blended palettes that are rich with subtle textures and details.

Join us on Thursday, June 20, 18:00–20:00 in Berlin for the opening reception of 'Distant Pictures'. The exhibition runs from June 21 to July 25, 2024.
