Everything Tour 2026/2027

MUSIK

To listen to **Black Sea Dahu** is to be cracked open in real time — music as raw, tender, and cinematic as life itself. Led by Swiss singer and songwriter **Janine Cathrein**, the band has carved out a world entirely their own: part collective, part family, and fully devoted to emotional honesty. With their latest album Everything (out 20.02.2026), Black Sea Dahu dig deeper than ever.
On stage, Black Sea Dahu are magnetic — their performances have sold out across Europe and turned concert halls into spaces of shared release. In 2026 & 2027, they return to the road with Everything, bringing their most soul-baring and powerful live set to date.
